The applicant is American Colors, Inc., a non Title V company, with a mailing address of 909 Tennessee Blvd., Lebanon, TN 37087. They seek to obtain air contaminant permits (Division identification number 95-0278-01/60039) for addition of a 100 Hp mixer to be used in conjunction with already installed and permitted mixers of an existing Pigment Dispersions Manufacturing Facility at 909 Tennessee Blvd. Lebanon, TN. A dust filter is used for pollution control for the mixing operations. Addition of this mixer is to make the process more efficient and there would be no increase in production and no increase in PM emitted by this source.
